About

The 'Cart rule extender' module enriches the 'cart rule' feature of PrestaShop.

It allows you to include shipping and/or wrapping fees on the rules offering an 'amount' reduction.
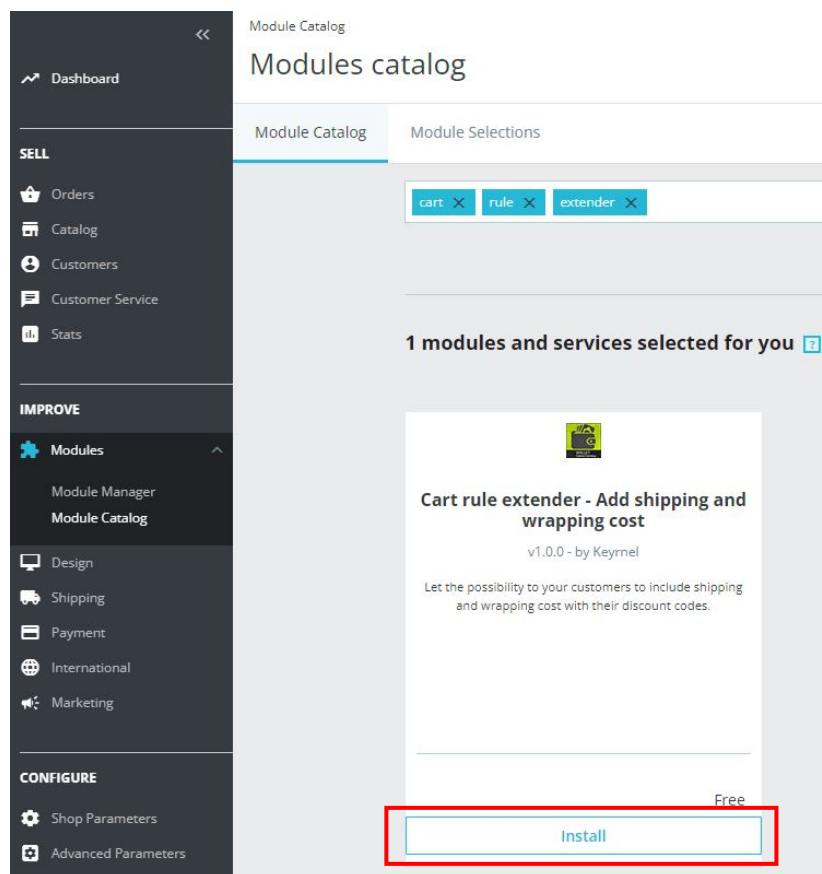

MODULE INSTALLATION

Prerequisite

You need to have installed a working version of PrestaShop 1.7.7.0 or later on your server:

http://www.prestashop.com/en/download

Installation

The module is installed with transparency, no core files are altered or modified, enabling the continuity of future updates to your shop.

1. Unzip the archive containing the module to a temporary directory

2. Connect to your FTP server

3. Transfer the entire folder 'klcartruleextender' to the directory 'root/modules/'

4. Connect to your back-office, click on the menu 'Module Catalog', search for the module 'Cart rule extender', then click on the button 'Install'.

BACK-OFFICE FEATURES

Module Configuration

1. Connect to your back-office, menu 'Modules / Modules Manager'
2. Search for the module 'Cart rule extender' – category 'Other'
3. Click on the button 'Configure'

The module configuration page is now displayed.

Include shipping fees

Enable this option to include shipping costs in cart rules with "amount" reduction.

Include wrapping fees

Enable this option to include wrapping costs for cart rules with "amount" reduction.

Cart rule extender v1.0 © 2022

Automatically applied to all cart rules

Enable this option to automatically include shipping or/and wrapping costs for all cart rules with "amount" reduction.

If you select "No", it will be necessary to manually configure the cart rules on which you want to include shipping or/and wrapping costs (see Configuration of cart rules)

Automatically applied to gift cards

Enable this option to automatically include shipping or/and wrapping costs for gift cards.

NOTE : This option is visible if :

-   The setting « Automatically applied to all cart rules » is set as « NO »

-   The module « The gift card » https://addons.prestashop.com/en/wishlist-gift-card/19725-the-gift-card.html is installed and enabled on your shop

To validate the configuration, click on the button "Save".

Cart rule settings

The addition of shipping and wrapping costs can only be configured for cart rules offering a reduction in "Amount" applied to "Order"

If the module parameter "**Apply automatically to all cart rules**" is configured to "**YES**", then all cart rules meeting the criteria described above will automatically include shipping and/or wrapping costs.

If the module parameter "**Automatically apply to gift cards**" is configured to "**YES**", then all cart rules corresponding to a gift card will automatically include shipping and/or wrapping costs.

If the module parameter "**Apply automatically to all cart rules**" is configured to "**NO**", you can include shipping and/or wrapping costs on cart rules meeting the criteria described above by following these steps:

1. Go to the cart rule list « Catalog / Discounts »
2. Edit an existing cart rule or create a new one
3. Fill the tabs « Information » and « Conditions »

4. In the tab « Actions », select the option « YES » for the parameter « Include shipping and wrapping costs »

Note : This option is automatically displayed when you select "Apply a discount - Amount" and "Apply discount to – Order"

To validate the configuration, click on the button "Save".

Why an error Unable to install override is returned while installing module ?

To ensure its operation, this module uses the PrestaShop override system (https://devdocs.prestashop.com/1.7/modules/concepts/overrides/) in order to extend core features.

List of overrides:

- classes/Cart.php
- classes/CartRule.php
- classes/PaymentModule.php
- classes/order/OrderInvoice.php

The error returned means that one of the methods used by our module has already been overridden by another module installed on your shop.

It will therefore be necessary to manually merge the file already existing and the one that our module is trying to install.

In this case, please contact us to ensure the integration of the module on your shop.
